### **DESCRIPTION OF PROJECT AND NATURE OF RFQ**

**Project:** The Southside neighborhood is part of a larger revitalization project that encompasses approximately 125 acres. The entire project area will include mixed income development of rental units and homeownership single family homes.

The initial development of single family homes in Phase One, to be governed by the Bungalows at Southside Homeowner's Association, will include 48 lots located primarily on South Street, Hillside Avenue, Fargo Street, Scout Drive and W. Piedmont Avenue in the Southside neighborhood, and will be known as The Bungalows at Southside. Refer to Exhibit "A" Lot Layout Plan identifying the initial 48 lots.

As additional phases of development take place, they may be included in the Homeowner's Association

**Background:** The City of Durham's vision is the creation of a new mixed-income neighborhood of homeowners and renters in a revitalizing geographic area.

The City of Durham selected the firm of McCormack Baron Salazar (MBS) as the developer of the former Rolling Hills neighborhood in Southside for a large mixed-income rental project to be called the Lofts at Southside. The visual centerpiece of the first phase of the Lofts is a water retention pond feature at the corner of Lakewood and Roxboro Street. A second phase of mixed-income rental development will consist of an additional 79 units to be located adjacent to the first phase along Roxboro Street.

Last fall, the City issued an RFQ for up to two homebuilders to be selected to construct the initial 48 homes included in the first phase of the single family home development. The City of Durham selected B. Wallace Design and Construction and Andrew Roby General Contractor as the approved homebuilders to construct For Sale single family houses located on South, Fargo, Hillside and Chestnut Streets, where at least 25 homes must be made available to moderate income individuals or

families through financing subsidies. Home prices range from the low \$160's to more than \$200,000.

The City is now seeking an experienced firm to manage the Bungalows at Southside Homeowner's Association recently created to govern the first phase of single family home development containing 48 lots.

**Scope of Work:** Through this RFQ, the City intends to select a single firm to manage the Bungalows at Southside Homeowner's Association. The successful applicant must have a track record in providing full-service or customized management of similar homeowners associations. Preference will be given to firms who are members of the Community Associations Institute (CAI) and are designated as an Accredited Association Management Company (AAMC) by CAI, or have been certified by the Certified Manager of Community Associations (CMCA). The management firm should currently manage a minimum of ten (10) communities of a size equal to or larger than the Bungalows at Southside project.

It is anticipated that the Customized Management Services will consist of the following:

- Accounting: Accounts Receivable, Accounts Payable, monthly reporting, 1099 issuance and coordination of tax return filing;
- Attendance at two board meetings annually;
- Coordinate and attend one Annual membership meeting;
- Issue violation letters;
- Process architectural change applications;
- Coordinate selection and provide management oversight of grounds contractor in maintaining gateway improvements (see below);
- Perform bi-monthly site visits (6 annually); and
- Consult with Board and Owners on HOA matters.

Additionally, the firm must have the experience and ability to maintain a current membership roster and process changes when ownership of the units are sold to new residents and consult with the Board and Owners on HOA matters to make recommendations and/or changes to the By-Laws and Rules and Regulations for the benefit of the homeowner's.

Gateway Improvements: While the Bungalows at Southside does not have any common area, the development does have gateway improvements consisting of landscaping, entry walls and columns and lighting which are located within landscape easements. As noted above, the selected firm will be responsible for managing the grounds contract to ensure that the gateway is well maintained and attractive at all times. Based on a review of the qualifications submittals and interviews with a limited number of finalists, the City intends to enter into negotiations with the selected management firm for a one-year renewable contract. Among the initial tasks will be providing assistance to the City in establishing an initial operating budget and monthly assessments. Should those negotiations not result in an agreement

mutually acceptable to both parties, the City will enter into negotiations with the next highest ranked management firm.

**Schedule:** The City intends to review the submittals, conduct limited interviews and begin the negotiation process with the selected management firm no later than August 15, 2014

## **CITY OF DURHAM EQUAL BUSINESS OPPORTUNITY PROGRAM**

### **Policy Statement**

It is the policy of the City to provide equal opportunities for City contracting to small firms owned by socially and economically disadvantaged persons doing business in the City's Contracting Marketplace. ### **Goals**
